# VOLVO BUS CONTRACT HIRE

Non ownership – off balance sheet

## The worry-free way to run your Volvo Bus or Coach

Volvo Contract Hire combines all the benefits of a leasing agreement with a top class service, repair and maintenance plan. All this for one fixed, tax-deductible monthly payment.

This all-inclusive whole-life finance solution provides you with the Volvo Bus or Coach of your choice, but sets you free from the responsibilities and headaches often associated with ownership; providing minimum disruption with no risk from disposal or depreciation – at the end of the fixed-term you simply return your vehicle to us.

There are several levels of Contract Hire available that can be tailored to your needs and preferences and can cover almost everything except for fuel and driver costs.

There is no requirement for a large initial outlay and rentals are kept low, as only a proportion of your vehicle's value is repaid (the difference between the price of your Volvo Bus or Coach at the start of the agreement and its forecasted residual value).
