VOLVO BUS OPERATING LEASE

Non ownership – off balance sheet

Low payment, low risk finance

An Operating Lease enables you to have the most up to date vehicles on the road at the minimum cost.

An Operating Lease solution provides you with the Volvo Bus or Coach of your choice, but sets you free from the responsibilities and headaches often associated with ownership; providing minimum disruption with no risk from disposal or depreciation – at the end of the fixed-term you simply return your vehicle to us.

There is no requirement for a large initial outlay and rentals are kept low, as only a proportion of your vehicle's value is repaid (the difference between the price of your vehicle at the start of the agreement and its forecasted residual value).
